

10 Canciones infantiles

arregladas a dos voces

por

DANIEL ROCA ARENCIBIA y
MARIEN GONZALEZ ASENSIO

Las canciones originales son de diversa procedencia y los arreglos han nacido como acompañamientos improvisados a dos voces para nuestros hijos gemelos. Son por tanto, arreglos sencillos, pero «vividos», un repertorio particular de uso doméstico. Han sido ligeramente modificados en parte para esta colección.

COMENTARIOS A LAS PIEZAS:

- 1) A mi burro: canción popular infantil española que se canta por acumulación, La parte entre signos de repetición va aumentando a cada estrofa.
- 2) Aserrín: canción infantil boliviana, según aparece en el hermoso CD «The world sings goodnight».
- 3) Los chinitos: canción apropiada para iniciación vocal por su corta tesitura.
- 4) Cigueña patuleña: canción popular española. El grupo canta la parte a dos voces y un solista (que representa a la cigueña) canta el final.
- 5) Córtame un ramito verde: otra canción popular española muy conocida.
- 6) Galingalon: preciosa nana recogida en Louisiana e incluida en «The world sings goodnight»
- 7) Hola y adiós: cortos cantos de bienvenida y despedida utilizados en las clases de iniciación musical de Marién.
- 8) Luilui: hermosísima nana rumana, también procedente de «The world...» Efectividad garantizada.
- 9) Versión casera de la famosísima canción infantil internacional.
- 10) Popurri de Senegal: las canciones originales proceden del CD «La Musique des enfants du monde, vol. I» colección de discos de música infantil enteramente recomendable. Los tres cantos se cantan en ese orden, repitiéndose cada una tantas veces como se deseé. El patrón rítmico de fondo vale para todos ellos.
